Addres : adlib

(AGE)

My birth : 15/10/2001

SKILLS

- Writing speed
- Teamwork skills
- Problem solving
- Research and data collection
- Organization and time management
- I can work on Kobo
- Web developer
- Fundamentals of dealing with software
-

LANGUAGES

Arabic Mother tongue
English (Level B2)

HOBBIES

- readink
- travel
- Writing

PROFILE

As an information engineering student, I possess over three years of hands-on experience with computers. I have gained practical expertise in legally sanctioned data entry systems, showcasing my proficiency in attaining practical objectives. I am driven by motivation and dedicated to achieving optimal outcomes.

PROFESSIONAL EXPERIENCE

- data entry in (Al-Wabel Al-Saib) Charity Association for 3 years, Follow-up data collection operations and provide the necessary support to data collectors, Perform data processing and validation, Perform data analysis and prepare statistical charts.
- Data entry in (taibat alkher Humanitarian) for two years, Collect all the required information and compile all the information for submitting the field report, Create reports of the required information and update them periodically.
- Team leader in (lotf volunteer team) for two years, Direct supervision of the therapeutic support team and the development and follow-up of its work, Carrying out any other duties - within my experience - as assigned by the Center Director.
- kobo form (https://ee.kobotoolbox.org/x/XecX7gwQ)

Personal skills

- An electronic hospital project with the possibility of communicating with the electronic doctor.
- Pharmacy automation program in Java.
- Student rate forecasting program in Python.

Courses
